1951. **File No.** Manoeuvres II/51 (N)

Legal Department

B **BRANCH**

K.S.R.

Subject:—

p=2/E Notifications under the Manoeuvres Field Firing and artilary Practice - Act, 1938

Legal Department.

The form of Notice is prescribed in Form II appended to the Bombay Manoeuvres, and Field Firing and Artillery Practice Rules, 1940. From the wording of the Notice, it is quite clear that reference to sub-section (2) of section 9 is correct and no erratum is necessary.

2. As regards the draft notification at page 169/c, the draft notification on page 73/c has already been scrutinised under U.R. to Revenue Department No. 2450, dated the 20th February 1950. The draft notificationat page 169/c is, however, again scrutinised as desired and, as amended, is in order.

Legal Department.

A revised draft notification is sent herewith.

2. If the intention of Government is that the period of two years should commence from the date of the notification, the words to that effect should be specifically used in the notification.

3. The Revenue Department draft notification at page 7 ante refers to parts of certain survey numbers. In the absence of further particulars or at least a map showing the areas in question it will not be possible to know the exact parts of the survey numbers which are included in the notified area. Under sub-section (1) of section 9 it is necessary for the State Government to define an area as the area within which field firing and artillery practice may be authorised. In i view of this provision it would be necessary for the State Government to state exactly the area included in the notified area. Reference made therefore to part of a survey number would be vague and will not give any definite idea as to the area of the particular survey number included in the notified area. The Revenue Department should, therefore, give particulars of the parts of survey numbers referred to in its draft or alternately publish, along with the proposed notification, a map showing the areas comprised in the said parts. In case it would be convenient to publish the map the words "as shown inthe map appended hereto" should be inserted after the words 'Poona District' occuring inthe body of the draft notification.

4. There are some discrepancies in the description of areas given in the Revenue Department draft. For instance, against the entry relating to Lohogaon village, at one place, a reference is made to the whole of survey No.304 while at another place reference is made only to a part of the said

of the said survey No. The Revenue Department should see that no such discrepancies will remain in the final notification.
